C,C++,Groovy,JavaSCript, Java,React,HTML,CSS,Tailwind CSS,NextJs,BIRT,Jasper,Jenkins,Ansible,Grafana,Geneos,Apache Airflow,Control-m

Tools

Putty,Postman ,Winscp,Jira

EDUCATION:

Bachelor of Technology : ComputerScience   8.87 CGPA
Acropolis Institute of Technology and Research
Indore, India | 2017 - 2021

Senior Secondary Certificate   89.8%
Acropolis Institute of Technology and Research
Indore, India | 2017 - 2021

PROJECTS:

Portfolio Site

Created a personal portfolio website to showcase my skills, projects, and professional background. Utilized **Next.js** for server-side rendering and seamless navigation, and **Tailwind CSS** for a highly responsive and visually appealing user interface.

PeopleSoft Service

Developed a utility to streamline the process of downloading critical employee information files from the **ECS bucket**. Automated the retrieval of employee data files, allowing operations team members to easily download these files to their local machines.

HRMS(Human Resource Management System)

Designed and implemented a comprehensive HR management system to facilitate effective employee activity management.Included two primary roles—Employee and Admin. Employees can track their activities, request leaves, and update personal information, while Admins can manage employee records, approve requests, and generate reports.
